Plea Made For Heart Month

February is Heart Month! This special emphasis is made so that all of us may have an opportunity to participate financially in the important work of the Piedmont Heart Association, We should all be proud of the accomplishments made in Research, Education and Community Service.

We are particularly proud of our part in establishing the Coronary Care Unit for the Lynchburg area, located at Lynchburg General Hospital. This offers the most up-to-date equipment and care for heart patients.

Our latest investment in Coronary Care is the employment of a Cardiovascular Nurse under a combined grant from Lynchburg General – Marshall Lodge Hospital, Virginia Baptist Hospital and the Piedmont Heart Association, Mrs. Carol Driskill trains nurses for the Coronary Care Unit as well as for the Intensive Care Unit and the Emergency Room. She is also working with the 15 area rescue squads in Cardiopulmonary Resuscitation, an emergency measure for accident victims and heart patietns.

Our united support can combat the number one health problem in America – "Heart Disease."

Won't you help, please!
